Subject: FYI...

Read this today, re Markeaton Park:

Markeaton Park-Parking scam

Had anyone used the Mundy car park recently and fallen for the **FINDA.NET** scam-Their app details are on the parking machine and look official (the Derby MIP) details are lower down below eye line

When you download the app you are told it is an introductory 99p charge-but buried in the small print the T&C state there is a £39 per month "subscription " if you do not opt out within 24 hours

They do have a website so I challenged this as soon as I noticed the payment had been taken but they have refused a refund so far
