How many licences or users are included (where applicable)?	See question 3.
<b>Important Notes</b> <ul style="list-style-type: none"> <li><i>I do not request any technical specifications such as device models, serial numbers, IP ranges, or site-level infrastructure details that may pose a security or operational risk.</i></li> <li><i>If full disclosure of named personnel is not possible under Section 40 of the FOI Act, I would still appreciate disclosure of job titles and generic contact information, such as a team inbox or switchboard extension.</i></li> <li><i>If any commercial sensitivities under Section 43 apply, I respectfully request a clear explanation of the specific harm expected from disclosing aggregated annual spend or supplier names, especially where the contract has already been awarded.</i></li> </ul>	

- *This request is made in line with the principles of the Procurement Act 2023, which reinforces the importance of transparency and public access to contract information, particularly around supplier identity, contract value, and duration.*

**Please note, the following applies, if the response includes council officers (or other officers) names.**

If you are a company that intends to use the names and contact details of council officers (or other officers) provided for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference. You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link [www.ico.org.uk](http://www.ico.org.uk)

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
