

Derby City Council – Response
ID Reference FOI979822645
Date 23/12/2025

Information Requested	Response
1. Does your council have a written anti-poverty strategy (this may also be referred to as a 'poverty strategy')? This may be an all-age strategy, or one focusing on a specific group of the population, such as a child poverty strategy. If so, please provide a link to the strategy if it is available publicly, or a copy via email.	Derby City Council is currently working on an anti-poverty strategy. Publication of that strategy will be in 2026.
2. If your council does not have an anti-poverty strategy in place, does it plan to develop one within the next 12 months? If so, please provide a link to any public facing document detailing this commitment.	DCC anti-poverty strategy will be published in 2026.
3. Has your council voluntarily adopted the socio-economic duty? Please answer yes or no, and provide more detail if necessary. For example, you may answer "no, but we recognise socio-economic disadvantage as an additional factor in Equality Impact Assessments".	Yes, Derby City Council has voluntarily adopted the socio-economic duty in May 2022.

Please note, the following applies, if the response includes council officers (or other officers) names.

If you are a company that intends to use the names and contact details of council officers (or other officers) provided for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference. You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link www.ico.org.uk

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
